THIRTY FIREMEN ARE KILLED OR INJURED.

Sensational Escapes When New York Skyscraper Burns Like Tinder—Walls Fall on Big Crowd of Men Fighting the Flames.

(BY THE ASSOCIATED PRESS—P.M.)

NEW YORK, Jan. 10.—Four firemen went to their deaths tonight when they responded to a fire that ruined the Parker building, a twelve-story business structure occupying the block between East Eighteenth and Nineteenth streets on Fourth avenue.

Fought by half the firemen of Manhattan and apparatus that blocked the Parker building, the flames were never controlled, and only with difficulty were confined to the building, in which they originated.

Florida would be no stranger, whether she found herself seated under the sacred cypress that hangs in the hall on Beacon street, or sat in a California orange grove.

Pittsburgh and St. Louis may interchangeably accept the protective symbol—Roosevelt currency emblem simultaneously issued under the stress of the great credit panic.

"And here incidentally we can do at least one thing—thank our present Chief Executive. He has bound us inseparably together. He has taught us to rely on the last analysis upon each other and upon ourselves against himself and against all others like him. He has shown us that peace, plenty and prosperity are no guarantees if we guard not our constitutional rights by fighting in office constitutional rulers."

TAFT ON THE FIRST BALLOT.

President Predicts Unanimous Nomination.

Secretary Will Start With a Big Vote.

Will Have Majority Even in New York.

BY DIRECT WIRE TO THE TIMES.

WASHINGTON, Jan. 16.—[Exclusive Dispatch] President Roosevelt was today reported to have predicted that Secretary of War Taft will be nominated for President on the first ballot at the Chicago convention and that the nomination will then be made unanimous. The prediction was made to callers at the White House.

The President's prophecy is based on trustworthy information from every State in the Union. He believes Mr. Taft will have from 400 to 500 votes on the first ballot, including the votes of the West and South, many of the Middle Western States and half of New England.

ALABAMA IN LINE.

The President also believes Mr. Taft will have a majority of the New York votes, especially if Gov. Hughes remains silent on public questions. It was predicted by the President, according to the report, that other Presidential candidates would have little support outside of their own states.

Mr. Scott, Commissioner of Alabama arrived in Washington today and asserted that "Alabama will send a solid delegation for Taft. There will be no trouble about it."

BOOKER T. FOR TAFT.

Mr. Scott added that Booker T. Washington, the colored educator, is enthusiastically for Mr. Taft.

Secretary Taft will tonight be introduced for President by the Congressional Committee of the Third Kansas District represented in Congress by P. F. Campbell. Likewise the State Central Committee of Michigan will meet February 12 to set the date of the Michigan delegation's arrival in the State and will take action favorable to Mr. Taft. Nineteen of twenty-four members of the committee have been polled and thirteen are for Mr. Taft.

OVATION.

OPENING GUN IN NEW YORK.

TAFT MAKES FIRST SPEECH IN CITY AS A CANDIDATE.

Permit Auditors at People's Institute to Question Him and Prove Quite as Effective in Defense as in Attack—Receives an Ovation as "the Next President."

BY THE ASSOCIATED PRESS—P.M.I. NEW YORK, Jan. 16.—For the first time since he became a recognized candidate for the Republican Presidential nomination, Secretary of War William H. Taft tonight faced a New York audience, and set forth in detail his stand on the question of the relative interests and rights of labor and capital, and in turn submitted to a rapid fire attack from the audience, which quizzed him keenly and in a somewhat controversial spirit. According to the president of the People's Institute, whose guest he was,

The Secretary proved equally effective in attack and defense, and his prompt and forceful replies and occasional witty sallies evoked the same demonstration of applause as greeted the salient points of his address proper.

Two thousand persons, its capacity, had crowded into Cooper Union when police reserves were summoned to clear the walks in front of the building, where a thousand or more had congregated.

In his prepared address the Secretary pointed out the dependence, one upon the other, of capital and labor. He declared that great aggregations of wealth, properly employed, widen the field of labor and are to be welcomed, while wealth improvidently used is to be condemned. He advocated unionism in so far as sympathy and the resultant cooperation made for the common good.

ANSWERS QUESTIONS.

At the conclusion of his address the audience had its turn. Chairman Charles Sprague Smith announced that Secretary Taft would read questions as they were handed.

The first questioner desired to know if the Secretary would take his political future on the attitude taken by the administration on the Brownsville incident.

Secretary Taft declined to answer the question, stating that the matter now before the Senate committee and how had been no discussion in the Senate.

"Do you think a laborer gets enough money?" was the next question, to which Taft laughingly replied:

"I don't know what laborer gets. I don't know that some laborers get more than they ought to have, and I think some should get more."

There was a loud shout when the Secretary commenced to laugh while reading over a question which inquired why he had changed his attitude toward labor since he left the Ohio bench.

The Secretary declared that his attitude had not changed and that the change he had made tonight he had always stood by.

"Is not an industrial situation based on a tariff a false one?"

The Secretary replied that if the tariff was abolished now there would be no business at all. Therefore, he said, we must not discuss the tariff issue at this time.

A question concerning the right of an employer to bring injunction proceedings induced the Secretary to cite a case in which he, as counsel for Moore & Co., had obtained a judgment of \$1500 against a labor union, he said, and it took ten years to obtain the money. The Secretary added that the money had been obtained by Moore & Co., they would not have suffered any damage.

TAFT IS STUMPED.

Shortly afterward a humorously inclined auditor sent up the following

question, which caused a general laugh:

"It took Moore & Co. ten years to collect \$1500, how long will it take the United States to collect \$20,000,000 from the Standard Oil Company?"

The Secretary said the solution would require an advanced form of mathematics which he would not furnish.

There was an quiet pause, which the Secretary hesitated, while his face assumed a thoughtfully serious expression. Then he read:

"What is a man to do who is out of work in a financial crisis and is starving?"

There was an audible pause. The Secretary looked to the far corners of the big room and the long lines of workers gathered there.

"They have my deepest sympathy if they cannot get work. It is an awful case when a man is willing to work and is put in this position."

"I am afraid," said the Secretary, "if the government ownership of mines and railroads would make disputes between labor and capital easier to settle. I don't think so. Do you realize what a power you would put in Washington if you had a mine or railroad in the hands of one man or set of men that would well make you tremble for the safety of the republic?"

These and many other questions were volleyed at the Secretary, who answered with facility and good humor which reflected itself in the attitude of his auditors. One questioner wanted to know if workingmen were ready to work so hard for private individuals why they should not be ready to work so hard for the government under Federal ownership. The Secretary replied without hesitation:

"Because human nature is not built along that line. It is not possible to make government work the same as a business, because individuals work for private gain. You cannot change the motive of enlightened selfishness into altruism."

Secretary Taft indicated clearly that he did not think the time had come for an income tax law.

He was accorded another ovation when he finished and many in the audience flocked to the platform to shake him by the hand.

LEAGUE ENDORSES TAFT.

Lincoln-Roosevelt Executive Committee Favors Instructing California Delegates to Support Ohioan.

BY THE ASSOCIATED PRESS—P.M.I.

SAN FRANCISCO, Jan. 16.—At a meeting of the Executive Committee of the League of Lincoln-Roosevelt Republican Clubs of California, held here today, Hon. William H. Taft was endorsed for President. The resolution read that "the League believes Mr. Taft to be the candidate most closely identified with the policies of President Taft."

The committee favors instructing the California delegation to vote for Taft, and use all honorable means to secure his nomination.

At the meeting of the committee Daniel A. Ryan, Republican candidate for Mayor of San Francisco at the last election, who was defeated, presented his resignation. The resignation was accepted and a resolution expressing unqualified confidence in Mr. Ryan, thanking him for his efforts in behalf of the league, and welcoming his continued cooperation with the League in an unofficial capacity, was adopted.

HITCHCOCK HOLDS OFF.

Will Complete Plans for Postoffice Department Before Taking Appointment of Taft Campaign.

BY DIRECT WIRE TO THE TIMES.

WASHINGTON, Jan. 16.—[Exclusive Dispatch] Frank H. Hitchcock, First Assistant Postmaster-General, will not accept the management of the Taft forces in the East and South for the present, at least after he has completed his tour for his bureau in the Postoffice Department and his work before the committee of the House and Senate in connection with the postoffice appropriation bill he will resign his position and actively take up the management.

Hitchcock has built up a strong organization in the South, which is understood to be standing by him not only on political but on personal grounds.

With the retirement of Mr. Vonyo to the chairmanship of the campaign and the rising of the eastern and southern end in the hands of those thought to be familiar with conditions in those sections, many members of Congress believe that more confidence will be felt in the success of the Taft campaign.

Smooths Over Row in Illinois by Displaying Resentment Toward Former Opponents.

BY DIRECT WIRE TO THE TIMES.

CHICAGO, Jan. 16.—[Exclusive Dispatch] William J. Bryan pressed the soft pedal to the limit during an early morning visit here today.

He prepared to address the Secretary pointed out the dependence, one upon the other, of capital and labor. He declared that great aggregations of wealth, properly employed, widen the field of labor and are to be welcomed, while wealth improvidently used is to be condemned. POLITICAL BRIEFS.

He Will Oppose Cannon.

BY THE ASSOCIATED PRESS—A.M.I.

DANVILLE (Ill.), Jan. 16.—W. J. Bryan, who spoke last night at a banquet tendered him by the Bryan Democracy, declared it his belief that Joseph G. Cannon of Danville would be the Republican candidate for President and that he himself would oppose Mr. Cannon.

POLITICAL BRIEFS.

Taft is Indorsed.

TOLEDO (O.) Jan. 16.—At a meeting of the Ninth Congress District Republican Convention here, Mr. Taft was unanimously indorsed for President. It was decided to nominate a candidate for Congress on a direct primary February 11.

The total enrollment of students at Harvard University this year is 5763, a decrease of 26 from last year.

Court Refuses to Amend Order in the Case of Buck Stove and Range Company.

BY THE ASSOCIATED PRESS—A.M.I.

WASHINGTON, Jan. 16.—Justice Gould of the Supreme Court of the District of Columbia today overruled a motion made by the American Federation of Labor to amend the court's order in the case of the Buck Stove and Range Company of St. Louis, in which the court recently enjoined the federation from placing the company on a boycott and unfair list in the publication of the

The motion of the federation contended that the order was erroneous because it was made to run until the final decree in the case instituted in the further order of the court; because it may be construed to enjoin the defendants from uniting to prevent the plaintiffs from doing the same.

According to this report there are 1000 union men allied with the building trades out of work; 20,000 miscellaneous union men idle, while 100,000 non-union men are looking for jobs.

Organized labor produced the most complete list, because of the manner of listing those out of work. Unorganized labor estimates are furnished to the various organizations and their employers one year ago as compared with the present time.

Missing Secretary of Defunct Bank Charged With Two Crimes—Is Said to Be in Nova Scotia.

(BY THE ASSOCIATED PRESS—P.M.)

SAN FRANCISCO. Jan. 10.—The grand jury last afternoon returned indictments against J. Dalzell Robertson, formerly secretary of the insolvent California Safe Deposit and Trust Company, who has been missing since a few days before the collapse of the bank last November.

Robertson is said to be in Nova Scotia, and Asst. Dist.-Atty. Cook stated tonight that he had been located and would be extradited.

One of the indictments charges Robertson with falsifying the books of the bank to the extent of \$300,000 and the other indictment charges felonies in connection with the falsified books of former Bank Commissioners Dunsmore and Currier for the purpose of defrauding them as to the true condition of

Robertson and Smith are alleged to have misappropriated \$300,000 of the bank of the home town.

It is believed that a large part of the sum was still retained by them in cash. They had many thousands of dollars in their possession when arrested.

The alleged crimes of the two men are of human interest, and the public will be interested to learn what has become of her.

The Bayland Detective Agency has taken the first clew of the case.

Robertson and Smith are anxious that he communicate his whereabouts. He said, however, that he would be captured and sent to San Francisco if he were to leave the mountains, or were killed by Indians.

WASHINGTON. WAR CLOUD IS PUSHED AWAY.

Negotiations With Japan Progressing Amicably.

Tokio Is Anxious to Restrict Coolie Immigration.

Washington at Loss to Account for Bad Rumors.

[BY THE ASSOCIATED PRESS-A.M.]

WASHINGTON, Jan. 10.—Considering the smoothness with which exchanges are progressing between America and Japan relative to the adjustment of questions of immigration of Japanese laborers into the United States, the officials of the State Department are put to account for the publication in various foreign capitals, as well as in this country of reports calculated to convey the impression that there is some friction existing between the two countries on this subject.

The latest of these reports that the Japanese Foreign Office is reluctant to accede to a "demand" of Ambassador O'Brien that an agreement to restrict Japanese coolie immigration into the United States be reduced to writing, meets with unequalled contradiction at the State Department. The officials do not care to discuss the circumstances of this kind, but they are still in process of following the rule that such discussion is calculated to defeat the objects sought. But it develops that Mr. O'Brien is merely aiding Japanese officials in their policy of keeping that which serves to stop the indiscriminate immigration.

He is not expected to negotiate any treaty with Japan on this subject or even to secure a modus vivendi or any other than the nature of a written agreement referred to in some press dispatches.

COOLIES NOT COMING.

He has, under instructions from the State Department, acquiesced in the fact that measures adopted in question last spring, following the undertaking of the Japanese government to admit no undesirable immigration to the United States by a careful regulation of the issue of passports, have proved utterly ineffective.

The Japanese officials were surprised at the figures presented by Mr. O'Brien, which showed only the continuance of immigration of coolies into the United States, but its startling increase even after the adoption of the Japanese restriction policy.

Therefore the Japanese officials have been endeavoring to frame regulations which shall be effective, and in the course of that effort they have naturally communicated freely with the American Ambassador. The latter has acquiesced in the State Department in great detail by cable with the nature of the proposed restrictive measures, and the department in turn has not hesitated to suggest amendments to the project, based on the experience of immigration, taxation and customs in this country. This involved the cooperation of the Department of State and the Department of Commerce and Labor, the latter being directly charged with the enforcement of the law.

INDORSED BY O'BRIEN.

There is pending before the Washington officials a very long report by cable from Mr. O'Brien covering the latest phase of the Japanese project. The officials are carefully considering this, and they will not hesitate to indicate that in this view it is felt that it will be necessary for Mr. O'Brien to signify to the Japanese government that fact and there will be no necessity for him to secure any written endorsement or indication to make the Japanese government accept the slight degree report upon the good faith of the Japanese government in this matter.

It is suggested at the State Department that a possible reason for the report that Mr. O'Brien has received no definite obtain written pledges from the Japanese government may be found in the fact that about a year ago negotiations were actually in progress between America and Japan looking to the confirmation of treaty for the regulation of immigration.

These negotiations, however, were suspended and finally entirely abandoned as a result of the feeling excited between the two countries over the treatment in San Francisco arising from the exclusion of Japanese children from the public schools and attacks by mobs upon Japanese bath-houses and restaurants.

Denials of Secretary of State Regarding as Diplomatic Elections.

Last Reply of Hayashi so Startling That Cablegram Costing Thousands Sent by Ambassador.

[BY DIRECT WIRE TO THE TIMES] CHICAGO, Jan. 10.—[Exclusive Dispatch.] The Record-Herald's Washington correspondent telegraphs the following:

"Negotiations between the United States and Japan have reached a serious stage. While war as an eventuality is not seriously apprehended, largely because of Japan's unpreparedness, it is known that the two countries' military relations are strained almost to the point of breaking. The official denial given at the State Department of cabled reports of demands having been made upon Japan are literally true in a diplomatic sense, but the denial in a measure is an evasion and what has occurred has been oral representations and the like of 'moral' representations."

"Reduced to plain English, Ambassador O'Brien, acting upon instructions, has since reaching his post last October, been attempting to secure from the Japanese government satisfactory assurances that, under the plan given at the time of the passage of the immigration law last February, the Japanese government would assist in securing the admission of Japanese to the country of objective. Japans' answer to her twice has been communicated to Secretary Root, replies obtained from Count Hayashi, in which the Japanese attempts adroitly to evade the issue."

"Secretary Root has submitted to the Japanese government, through Ambas-

sador O'Brien, statistics prepared by the Department of Commerce and Labor, showing that the emigration of the undesirable class of Japanese, since the Japanese government gave its promise, has been within at the same rates as large as before the promise was given, and during some months four times as large. The presentation of cold statistics has been followed by the desire of Congress to adopt more stringent measures, passed an exclusion law, brought from the Japanese government the second reply which reached Secretary Root a few days ago in the form of a cablegram from several Japanese officials.

"Secretary Root is now preparing an answer with the assistance of several experts in oriental affairs. The Japanese government will be informed of the results of the investigation, and an exclusion act will not be passed, but that the administration will exert its influence to prevent such legislation, if possible, pending negotiations.

The issue, in official circles in Japan, has been a serious one. In the acquisition of the State Department in great detail by cable with the nature of the proposed restrictive measures, and the department in turn has not hesitated to suggest amendments to the project, based on the experience of immigration, taxation and customs in this country. This involved the cooperation of the Department of State and the Department of Commerce and Labor, the latter being directly charged with the enforcement of the law.

FOUNDER EXPLAINS.

Chairman of Banking and Currency Committee Issues His Financial Bill.

[BY THE ASSOCIATED PRESS-A.M.] WASHINGTON, Jan. 10.—At a meeting of the House Banking and Currency Committee today, Chairman Fowler explained at length the provisions of his currency reorganization bill as distinguished from the Aldrich bill in the Senate, arguing that while the former contemplates the immediate conversion of the national bank currency on the basis of less credit guaranteed notes, secured by national bank assets, the latter is an emergency expansion measure purely and provides for the issue of currency on such general security as the bonds of railroads and municipalities.

Numerous questions were asked which brought out to some extent the varying attitude of members toward the Fowler bill. After the meeting Representative Hayes of California said:

"While I am not committed to Mr. Fowler's measure or shall not make up my mind until the subject has been more thoroughly gone into, I am favorably inclined toward it. Between it and the Aldrich bill, there is no choice. The Aldrich bill, aside from the serious objection that it is merely temporary in scope and aims at emergency expansion, is in the nature of a stock gambling instrument pure and simple."

"Wall street in its boldest moment could ask for nothing better fitted to its own peculiar purposes."

Resignation of Brownson One of the Subjects.

Critics in Department Will Be Summoned.

[BY DIRECT WIRE TO THE TIMES]
WASHINGTON, Jan. 10.—[Exclusive Dispatch.] There will be a complete and comprehensive investigation of all charges and scandals affecting the Navy Department.

This will include alleged insufficiency in construction methods, the assignment of state officers to line duty and the circumstances which led to the hasty resignation of Admiral Brownson.

Senator Hale, chairman of the Naval Affairs Committee, in explaining his bill reorganizing the personnel of the navy, said it was estimated that he was favorable to a sweeping inquiry, but he said it was a matter which the committee must determine.

It became certain today that the investigation will be conducted. The Naval Affairs Committee will meet next Tuesday and arrange a plan for making a satisfactory and valuable inquiry. It is not intended to obtain a committee from the Senate, which would be necessary if the entire system of the board of regents, and will, it is believed, be accepted as soon as a successor can be decided upon.

It developed today that the resignation was tendered some time ago, but

it was not accepted.

It was agreed that Secretary Metcalf nor any officer of the navy will refuse to obey a simple request for his attendance, and examination. It is also explained that there is no need to obtain a committee from the Senate, as the naval officers are bound by regulations and practice to depose themselves as officers and gentlemen, and their unworn statements will have all the effect of those made in court.

It is the purpose of the Naval Affairs Committee to examine Secretary Metcalf, Admiral Brownson, all the chiefs of bureaus in the department, all the heads of bureaus, organization, executive orders from the President and such officers who have criticized the building of battleships as can be identified.

It is understood Admirals Converse and Capps know these critics, and will furnish the names when asked to do so.

KING ANNOUNCES PLANS FOR THE CONGO.

Government's Reply to Recommendations Made by Commission is Published and It Produces an Unfavorable Impression Among the Belgians.

[BY THE ASSOCIATED PRESS-P.M.] BRUSSELS, Jan. 10.—The government has issued its reply to the recommendations made by the Congo Commission.

It declares that King Leopold does not desire any personal profit from the domains reserved under the treaty, which amount now to \$1,200,000 a year, and is expected later to grow to \$5,000,000 a year.

Continuing, the reply sets forth various philanthropic methods in which the revenue of the Congo Independent State is to be expended. The income will be consecrated to philanthropic, educational and religious work, Catholic missions and for civilian welfare, such as an effort to find a cure for the sleeping sickness.

The statement, among other things, makes clear that concessions will be amenable to the laws of the Congo and not to the Belgian laws.

A feature of the reply is a statement of the remarkable mineral wealth of the Katanga district. No less than 1,000,000 tons of copper ore in sight.

While the document admits that the Congo may be paid in labor, it denies that the system of forced labor is now in existence.

In conclusion, it is declared that if the treaty is not ratified King Leopold will be compelled to return to the Congo Independent State.

The reply of the government to the Commission has produced an unfavorable impression generally. It is understood that the Belgian action of the Prussian government, under the leadership of King Leopold would make further concessions than His Majesty's present intentions indicate.

ELECTRICIANS STRIKE.

More Trouble in Goldfield Because Unionists Cannot Dictate Scale of Wages.

[BY THE ASSOCIATED PRESS-P.M.] GOLDFIELD (Nev.), Jan. 10.—Early member of the Board of Directors of Electricians Workers went out today, refusing to accept the new wage scale and the open-shop policy of the Nevada-Wyoming Power Company.

Besides the force employed by the power company, the forces of the telephone company are also affected.

As far as the power company is concerned, the local field alone is affected, unless the other employees of the company, who are still drawing the old wage of \$7, go out on a sympathetic strike.

The Goldfield jurisdiction does not extend beyond the substation east of town.

The following explanation is made for increases in the Pacific Coast rates: The increase of \$166,000 of the reduction of 186,000 of the increase was performance of way, structures and equipment. The continuous rains of 1867, lasting longer than before known since the construction of the line, softened the roadbed the entire mileage in the States of Nevada, Nevada and Oregon, so that the exceptionally heavy track deteriorated very rapidly. It was found, after temporary repairs had been made, that the above mileage had to be realigned, ballasted and re-tied, and cause had effected expenses in excess of the present fiscal year.

Pope Has Plan to Stop Practice of Obtaining Audiences for Foreigners for Considerations.

DIRECT WIRE TO THE TIMES.

ROME, Jan. 10.—(Exclusive Dispatch.) The reduction of employees in the Vatican and the increase of salaries of the retainers, which has been advocated by the Pope but opposed by the cardinals, probably will take place soon.

The reason for this step is said to be a desire to put a stop to the alleged practice in some departments of obtaining audiences for foreigners with the Pope in return for financial contributions.

DIRECT WIRE TO THE TIMES.

CHICAGO, Jan. 10.—(Exclusive Dispatch.) The Illinois mines, operated by the Melones Mining Company, and situated about six miles from Angles Camp, ceased operations yesterday afternoon.

All of the 175 employed went on a strike, and the miners' demands were increased to 50 cents an hour.

The management is determined to make no concessions, and it is generally expected that the struggle will be a bitter one.

It is believed that section nine hours is recognized as a day's work by the various mining interests.

SOX CERTAIN TO COME WEST.

*Comiskey Busy Preparing for Los Angeles Trip.**Many Cities Want Dates for Exhibition Games.**Ex-Champs Will Be Seen First Week in March.**BY DIRECT WIRE TO THE TIMES.*

CHICAGO, Jan. 18.—[Exclusive Dispatch.] President Norris L. O'Neill of the Western Baseball League returned to Chicago this afternoon after a two months' trip to California. He reported to Charles A. Comiskey, the master of the White Stockings, that everything at Los Angeles was favorable for the Sox to train in the land of perpetual sunshine this coming season. Comiskey stated after Comiskey read the report from his emissary, the wheels were set in motion, preparatory for the long trip.

It is now an assured fact that the trip will be made, but the office force at the Marquette building will have to work overtime to get the details arranged, as many applications have been received for games along the way and many of them are for the same dates. Next year the Sox will be taken to Honolulu, according to an arrangement made by President Comiskey.

Billy Sullivan may go to California two or three weeks ahead of the team in order to visit relatives at Santa Barbara. The crew backstays have been booked out for the first week since the first of the year and will be delighted to take a little vacation before the heavy work of the summer comes.

It is probable that there will be from twenty-five to thirty men in the squad and after reaching the Coast, the squad will divide into two teams and will play games simultaneously at San Francisco and Los Angeles, beginning about March 6.

Reward of Industry.
Red Perkins the Demon Organizer Consents to Be Fall Guy Just for Once.

All the arrangements for the "Red" Perkins benefit, to be held at Chutes Park this afternoon, have been completed. The main event will be the ball game between the Edison and Pasadena Winter League teams, which will begin at 2:30 o'clock. Jim Jeffries will act as umpire, and will also referee the boxing matches between Doc Uholz and Kid Dalton, and Danny Webster and Eddie Morris.

The boxing bouts will be three rounds each, for exhibition. Uholz and Dalton should put up an interesting match. They were almost matched to fight before the Pacific Athletic Club a few weeks ago, but Dalton did not show up, so the bout was abandoned. Uholz has since demonstrated his class against Memetic by beating him.

The boxing exhibitions will begin at 2 o'clock and will be given between innings of the baseball game. Uholz was not feeling well yesterday afternoon and said that if he continued unwell he would not box today.

The athletic sports will begin at 2 o'clock and are open to any members of the Edison and Pasadena Winter Leagues of St. Vincent's and Holmes of U.S.C. have been selected as judges of the events. Bas running for time, the 100-yard dash, throwing, and fungo hitting will make up the programme of athletic contests, which begin at 2 o'clock.

The line-up for the ball game will be: Edison's Fuller; catcher Leahy; pitcher Marshall; first base shortstop Morrissey; second base Ferras; third base Schmuck; left field Hillard; center field Wolfe; right field Walsh.

ANNUAL BALL MEETING.

SIX CLUBS QUESTION UP.

The annual meeting of the Angel City Baseball Association will be held at the Pasadena Hotel on South Main street, Monday evening, and it will probably be a very formal affair. The present officers will undoubtedly be re-elected, and about the only business of importance that will be considered will be the action or inaction of the Pacific Coast League directors on the question of six clubs in the league this season. The Los Angeles club has already declared a 10 per cent. dividend on its half-a-million working capital in its treasury.

Manager Berry had a short talk with League President Cal Ewing over the long-distance phone last night, and Ewing promised that the six-club proposition would be settled one way or another on next Monday.

Games at Joy Park.

Two baseball games are scheduled for Sunday afternoon at Joy Park, on Santa Fe avenue. The Dyes-Clines and Eagles will meet in the first contest, and the Venzons expect to play another local team in the second game. The batteries will be Leonard and Howe for the Eagles, and Lyman and H. Whaling for the Dyes-Clines. The first game will begin at 2:30 o'clock.

Scanlon's Case Laid Over.

The Midwinter League directors met last night to consider the protest against Scanlon of the Thistle team, who was alleged by the Florence Grangers to be a professional, but owing to lack of evidence the protest case was postponed until next Friday night. It is charged that Scanlon played in the California Winter League.

Park Oaks at Azusa.

The Azusa baseball team will play the Park Oaks at Azusa Sunday afternoon at 2:30 o'clock.

Three-Cushion Billiards.

Six games were played last night in the three-cushion billiard room in Morley's room, and Jimmy Pearce made the best showing by winning the two games he played. Gebauer, in his game with Pearce, made a run of seven, which was probably one of the longest, and will probably not be beaten, or even equalled. The results were as follows: Pearce beat Merrill, 25 to 24; Gebauer beat Pearce, 25 to 14; Hayes beat Lucy, 25 to 22; Lucy beat Gebauer, 25 to 24; Pearce beat Lucy, 25 to 24; Pearce beat Gebauer, 25 to 24; Pearce beat Gebauer, 25 to 24.

Ketchel-Papke Match.

GRAND RAPIDS (Mich.) Jan. 19.—[Exclusive Dispatch.] Stanley Ketchel received word today from O'Connor, his San Francisco manager, that he had been accepted by Tod Welch, the motorman, who beat Jack Welsh recently in a wrestling match. It was announced that the weight bout would take place next month.

The general arrangements were as good as usual, but the fighters were not nearly so evenly matched as last time. The sport found it hard to determine how the younger man of the two could catch a man like Jimmie Davis against young Dobert, as it was obvious that the former could never make 124 pounds at any time.

Fight Called Off.

The Packy McFarland-Murphy fight, which was scheduled for the Army Club at Boston next Tuesday night, has been called off because Murphy has hurt himself in training.

HIGH SCHOOLS BOLT
A. A. U. DOMINANCE.*(By Direct Wire to the Times.)*

CLAREMONT, Jan. 19.—[Exclusive Dispatch.] Directors of the Orange Belt High School League, in a meeting here today, voted to ignore the Southern California organization of the Pacific Athletic Association, and the six schools in the league will conduct their athletic meets outside of the rules of the A.A.U.

The action of the league was due to the failure of the A.A.U. commission of Southern California to send any of the schools notice of the proposed organization into a branch of the P.A.A. The league will not join the southern branch, and will refuse to recognize the association. Pomona, Riverside, Redlands, San Bernardino, Colton and Ontario high schools form the Orange Belt League.

TAMING INFLUENCE.

FIFTEEN WOMEN WATCH BOXING.

SHOW MUCH INTEREST IN THE TRAINING OF LANGFORD.

Negro Goes Twelve Fast Rounds With Sparrow Partners—Barry and Joe Thomas Put in Hard Days' Work—Big Chicago Man Goes Through Fourteen Rounds.

Jim Barry will conclude his training for his fight with Sam Langford Tuesday night, with a hard day in the gymnasium tomorrow, and a jaunt on the road Monday morning. He is in fine condition, and says he will weigh close to 185 pounds when he meets the negro.

Yesterday he covered eight miles in his morning road work, and in the afternoon ran twelve rounds with the sparrows, and with the punching bag and sparring. More than 100 interested fight fans watched his performance at Eastside.

Barry boxed three rounds with Tommie Kid, and followed this with four good rounds with Joe Thomas. The big Chicagoan finished his fourteen rounds of exercise with his wind strong, and apparently will be in the best of condition for his clash with the negro on Wednesday.

The bout with Thomas yesterday afternoon brought out the applause of the visitors at the fight camp. Barry was able to hit Thomas almost at the start, and forced the big fellow into the corner several times.

Thomas is training for his match with Jack (Phil) Sullivan on Jan. 25.

He has been training a regular hard as Barry's, although his fight is almost two weeks away. He is far from being in condition, and is easily beaten by Barry.

Langford went through his regular programme at Nautilus Junction yesterday, boxing twelve rounds with the fighters, who are training there. The visitors numbered more than 600, among them being a large number of African Americans.

The boxing Langford punched the bag for five minutes, and then retired to his dressing-room.

SAN PEDRO SHOW.

DAVIS BEATS DOBBERT.

Kid Dobbert ran up against another bad one at San Pedro last night. He met Jimmie Davis, from Watsonville, who they supposed weighed in at 124 pounds at 8 o'clock. When it came to weighing in, it was found that the immigrant from Watts could not begin to make the weight. He tipped the scales at 130 pounds, and the Kid's supporters made a long howl.

Davis agreed that Davis should forfeit 12½ weight money, and the Kid would fight him just the same.

The bout was a farce. Davis outweighed Dobbert and outboxed him.

In the first round the visitor clearly showed his superiority and hammered Dobbert all around the ring. In the second round Davis sprang from his corner and went after his opponent, making a real charge. Davis took a bad punch on the jaw and went down for the count of six. He arose, staggering, and Davis sent in another wallop, which put Dobbert to the floor again.

The second bout, William Bell was introduced and challenged any who wanted to wrestle him. He was not feeling well yesterday afternoon and said that if he continued unwell he would not box today.

The athletic sports will begin at 2 o'clock and are open to any members of the Edison and Pasadena Winter Leagues of St. Vincent's and Holmes of U.S.C. have been selected as judges of the events. BUMPS!
TRIUMPHANT ARE BOOKIES AGAIN.

FOUR ARCADIA RACES WON BY OUTSIDE HORSES.

Giovanni Balorio Shows Way to Wins in First Event, Although Hopelessly Beaten Wednesday, When a Hot Favorite—Another Nag Astonishes by Surpassing Previous Record.

The bookies triumphed over the sports again at the Arcadia races yesterday, four well-played favorites failing to finish in front. In the other two events the winners were at 2 to 5, and few could play these at the price.

The first dump of the day came in the first race, when the heavily-backed Rubinton could not run better than sixth. The winner was old Giovanni Balorio, who certainly ran in startling fashion. On Wednesday he was a hot favorite, in a seven-furlong event, and after leading all the way to the stretch, stopped quickly and was beaten over six lengths. Yesterday he went over a mile with the same weight and a stable boy on him, and after being second for half the distance, went to the front, and won in the good time of 1:46. It was an odd reversal of form, as he looked as if he had had some given him over Wednesday.

The sports received another trouncing in the fifth race, in the easy defeat of the supposed sure winner, F. E. Shad, who was beaten by a favorite, it was evident there was "nothing doing" on him yesterday. With more weight, on January 3, he ran six furlongs in 1:12 3-5, and won by four lengths. Yesterday he was beaten over four lengths in a fraction of a second and slower time. The winner was Taylor George, at 2 to 2.

The warm tip, Bellmores, in the third race, was easily beaten by the Captain, Lady Chiswell, at 7 to 5, but in doubtful favor, the favorite could have done any better than he did. Burns was the winner, and is considered a much better jockey than Martin.

The card was a fairly good one, and the feature of the day was fronting off five furlongs, which was won easily by the 4 to 1 shot, Creston, from the favorite. Preen, San Nicholas and Waterloo were both played strongly in the race, and the latter was beaten by a wide margin.

Five furlongs: purse: Smiley Corbett, 100 (McClain), 6 to 1, second; Gables, 100 (McGinn), 6 to 1, third; 123 Fastore, 100 (Apprenticeship allowance).

THE CITY IN BRIEF

NEWS AND BUSINESS

Prohibition Union.
The Prohibition Union will meet in Bryant Hall at 3 P.M. Saturday afternoon. Rev. C. E. Nash will speak. Miss Violet Dawson will recite, and Miss Elsie M. Hall sing.

Detector's Room Looted.

Purse-key burglars entered the office of Dr. C. D. York, No. 1275 South Broadway, yesterday, and carried out some \$100. Dr. York discovered that his room had been ransacked when he returned to his office late last night.

Fredericks a Spender.

Dist.-Atty. John D. Fredericks believes that he holds the record for speed in Los Angeles county, because he went from Los Angeles to Venice last night, and back again in fifteen minutes and traveled 150 miles between 1 o'clock p.m. and 2 o'clock a.m.

Mending for the Poor.

The Emergency Committee of the Parent-Teachers Association of the Jefferson-street school is engaged in gathering up clothing and money at the meetings of the association on No. 245 Hough Avenue, on next Wednesday, to mend garments sent in. Meetings of the association will be held on the last Wednesday of each month.

Bumped Off the Track.

J. L. McElroy, aged 47 years, narrowly escaped serious injury about 8 o'clock last night when he walked in front of an east-bound Boyle Heights car at Grand avenue and Seventh street. He was thrown several feet, but only suffered a few bruises. At the Redondo Hospital he was attended and later taken to his home at No. 222 Maple avenue.

Lands on His Head.

In attempting to alight from an Eastlake Park car about 8 o'clock last night, Francesco Fontana, a laborer, was hurled to the pavement. He was found unconscious at Elmira and East Main streets and was taken to the Recording Hospital. He sustained a laceration of the scalp and suffered from concussion of the brain. Later he was taken to his home at No. 27 South Avenue 15.

Injured in Collision.

H. J. Watkins, a teamster, was thrown from his wagon at Pico and San Pedro streets about 6:30 o'clock last night, in a collision with south-bound San Pedro car No. 212. His left hip was dislocated, and he sustained several bruises. The wagon was overturned and the team ran away. Watkins was taken to the Recording Hospital and then taken to his home at Santa Fe Avenue and George street.

Accidentally Shot.

John Sosis of No. 142 El Molino street was accidentally shot in the right hip yesterday afternoon by Edie Smith of No. 325 West Pico street, while playing with a revolver. The bullet passed through Dr. W. G. Sawyer, who says the woman is not dangerous. The accident occurred in front of C. H. Smith's store, No. 225 West Pico street, where the boys had bought a box of cartridges. Smith loaded the revolver and accidentally pulled the trigger.

**WANT TO SAVE
A BABY'S SOUL.**

**MISSIONARIES TRY TO POSSESS
CHINESE CHILD.**

Makes Charge Without Direct Evidence and Mother Fears "Foreign Devils" Would Steal Child—Judge Wilbur Sends Mrs. Quong Din and Hong To to Detention Home.

"For the sake of its soul" the Home Missionary Society is trying to take a little Chinese baby away from its mother, and the latter is so frightened at the proceedings of the "foreign devils" that she fights to remain with her baby, and even fears to lose sight of it for a moment.

Hong To is the name of the child, and is the daughter of Quong Din, a merchant in Chinatown. It was stated that the child was among bad surroundings there, and last June was placed under the supervision of Mrs. Kate Atkinson as probation officer, along with another Chinese baby named Lu Gum. But Lu Gum's father was threatened with death in the recent tong war, and fled to China with his little girl.

Although Mrs. Atkinson has been probation officer over Hong To for seven months, she has called upon the child only three times, until she caused the baby's arrest last week on a charge that its parents might take it away. The case came to trial yesterday, and not one iota of evidence was introduced to show that there was any danger of the baby being spirited away, or that she was neglected, or that her surroundings in Chinatown were worse than those of any other place there.

Mrs. Atkinson was placed on the witness stand, and told all about the baby and its home surroundings, but most of what she testified was hearsay, claiming that her parents might take it away. The case came to trial yesterday, and not one iota of evidence was introduced to show that there was any danger of the baby being spirited away, or that she was neglected, or that her surroundings in Chinatown were worse than those of any other place there.

Formerly the baby was friendly toward Miss Banks, but later the baby acted toward the missionary as though she were a wild animal. Mrs. Atkinson, and she added that the boy and the baby live in surroundings of Chinese bad houses, but could not be sure.

The fact that Lu Gum had been spirited away to China without the consent of the court seemed to be the principal evidence upon which Hong To's arrest was based. The women of the Home Missionary Society assert that Chinatown buy girl babies and bring them up to become inmates of

Missionary Banks testified that she was told nothing about the parents of the baby. When she first took her to San Diego and brought her back without reporting to her, although in fact, she was not the probation officer. She instructed that the boy and the baby live in surroundings of Chinese bad houses, but could not be sure.

THE PUBLIC SERVICE.

SUMMARY OF THE DAY.

The Southern Pacific Company made a definite proposal to the Board of Public Works yesterday to build a railway into Owens Valley; but the price per ton mile asked for hauling aqueduct freight is higher than the board had expected.

Dr. C. T. Pepper complained to the health board that he is maligned by the physicians in the department.

R. P. A. Berryman, a book-keeper in the engineering department, has overstepped his leave of absence, and his books are being examined by order of the Board of Public Works.

Attn.-Gen. Webb, acting for the State Bank Commissioners, yesterday filed in the Superior Court complaints against the Occidental Trust and Savings Bank and the West Side Bank, asking that they be restrained from doing business and that their affairs be liquidated.

Judge Hutton yesterday refused to vacate an order of court restraining T. S. C. Lowe from calling a special January meeting of stockholders of the Lowe Gas Company.

A false auction place on South Main street was closed yesterday, by order of Prosecuting Attorney Ford, and evidence was secured which may lead to the arrest of the conductors of similar establishments.

AT THE CITY HALL

ONE BID FOR NEW RAILROAD.

SOUTHERN PACIFIC WILLING TO BUILD LINE.

Rate Per Ton Mile Proves to Be Higher Than the Aqueduct Board Had Expected and Disappointment is Expressed—Still Means Big Saving on Cost of Municipal Road.

But one bid was received yesterday for constructing a railway into Owens Valley along the line of the Los Angeles aqueduct; this came from the Southern Pacific company. Its recommendation by the Board of Public Works was about as joyous as though it had been a wet blanket.

The Southern Pacific agrees to build a standard gauge railroad from the town of Mojave in Kern county to a point-in-the-nearby of Lone Pine in Inyo county, within two and a half years from such date of execution."

Just what the rate per ton mile is the engineers have not yet figured; the bid is a complicated one, containing about 500 schedules. But the engineers and the commissioners admit that the rate is considerably higher than they had been led to believe. It will be known from their conference with Southern Pacific officials.

"I am disappointed that the rate is not lower," said President Anderson yesterday afternoon. "I do not know just what the price is, but I am satisfied that it will be lower than the alternate rate."

A Assistant Engineer Lippencott set to work late in the afternoon to make an estimate on the average rate per ton mile. He said that from a cursory glance at the figures he is pretty certain that it will not be less than six cents a ton mile. This would make the total cost of transporting freight over the valley road about \$1,200,000.

The aqueduct officials had hoped to receive bids not so low as

more than \$1,000,000 for the road after the aqueduct was finished.

The estimate of the engineers places the cost of transporting freight over a standard railway to be built by the city at a cost of a ton mile or \$200,000 for the road. It is estimated that the construction of a municipal road will cost \$1,500,000; but it is further estimated that the city could receive at least \$300,000 for the road after the aqueduct was finished.

Hoping to get especially low bid for hauling the freight, the Board of Public Works placed the following unusual condition in the specifications:

"All contractors shall have the right to route and determine the most direct routing of all freight to and from the city of Los Angeles for use in the construction of the proposed Owens River aqueduct, consigned to Mojave or to or from those other destination points between Los Angeles and Mojave, in so far as such right of routing may be lawfully accorded to such contractors. To this a clause is added that the rates must be as low as those of other companies and that the services shall be equal to those of other roads."

Southern Pacific officials gave assurances to the Board of Public Works that the bid would be 1 cent per ton mile lower if the company were given the exclusive privilege of routing all the aqueduct freight; but the figures received yesterday do not show such reduction.

GOURMET FOR DOCTORS.

HEALTH DEPARTMENT AGAIN. Dr. C. T. Pepper has preferred a complaint with the Health Board against the Health Officer and his assistant for what he terms the ungenerously treatment he has received at their hands. He alleges that Dr. D. R. Bancroft, assistant to the Health Officer, has been spreading unfounded reports about Dr. Pepper among the doctors' patients.

The board will consider the charges in open session next Monday afternoon.

Health Officer Powers said last night that the trouble with Dr. Pepper has grown out of a difference of opinion as to whether a family living at No. 124 Wadsworth avenue, Los Angeles, Dr. Bancroft went to the place in response to a request from neighbors, who feared that the family was afflicted with some contagious disease.

Anxiously, however, the professional dispute as to just what Dr. Bancroft and Dr. Pepper said and did, Dr. Pepper considers that his grievance should be heard by the Health Board.

White Health Officer Powers is mentioned in the complaint, nothing has been brought forward so far to show that he had anything to do with the case.

FORGETS TO COME BACK. Book-keeper Missing.

R. P. A. Berryman, book-keeper in the City Engineer's office, has failed to return from a special vacation on time, and his place has been filled by another employee of the office, while his accounts are being examined.

Engineer Hammon died last night that he had been ill for some time, as far as Berryman's office accounts are concerned. He received a leave of absence on representation that he was going to the bedside of his dying mother in Lexington, Ky.

Berryman's associates at the City

Hall believe that he will return within a few days; they attribute his delay to a desire to stay as long as possible with his mother. Berryman has been employed at the City Hall for a number of years; there are no plots on his official record.

WINDING-UP OF TWO BANKS.

COMMISSIONERS ASK COURT TO LEGALLY CLOSE THEM.

Issuance of Immediate and Permanent Restraining Order Urged Against Officials of West Side and Occidental Trust and Savings Institutions.

COURTHOUSE NOTES.

BREVITIES MISCELLANEOUS.

COLLISION SUIT. Bert L. Shafer yesterday filed a \$500 damage suit in the Superior Court against the Los Angeles Railway Company because of a dislocated wrist, sprained ankle and other injuries alleged to have been received December 7, when a wagon he was driving ran into by a car the corporation on Griffin avenue.

Lawyers for the directors of the People's Gas and Coke Company deposed Lowe from the presidency and elected Hayes in his stead, after differences over the management of the corporation. Lowe was alleged to have sold 500 shares of stock in Hayes.

Lawyers for the directors of the People's Gas and Coke Company deposed Lowe from the presidency and elected Hayes in his stead, after differences over the management of the corporation. Lowe was alleged to have sold 500 shares of stock in Hayes.

Hayes asserts that the special stockholders' meeting of the Lowe Gas Company, called for January 8, was for the purpose of ousting him and his friends from control of the People's Gas and Coke Company, thereby greatly depreciating the value of their holdings, and to again put Lowe in control.

The restraining order was issued as the result of a suit filed against Lowe, the Lowe Manufacturing Company, the Lowe Gas Consumers' Company and others, by Hayes, Goodwin, Hanson, Thompson and Weatherhead. Judge Hutton yesterday refused to set aside Judge Corley's order.

Following Judge Hutton's denial of the motion, Mrs. Clara S. Foltz, who appeared for Lowe, asked that the case be set for trial at the earliest possible time. The judge announced that he will not hold the hearing on the original suit until February 14. Mrs. Foltz wanted the matter transferred to another department, but the court refused, owing to the crowded condition of the calendar.

Mrs. Foltz wanted the matter transferred to another department, but the court refused, owing to the crowded condition of the calendar.

The restraining order was issued as the result of a suit filed against Lowe, the Lowe Manufacturing Company, the Lowe Gas Consumers' Company and others, by Hayes, Goodwin, Hanson, Thompson and Weatherhead. Judge Hutton yesterday refused to set aside Judge Corley's order.

Following Judge Hutton's denial of the motion, Mrs. Clara S. Foltz, who appeared for Lowe, asked that the case be set for trial at the earliest possible time. The judge announced that he will not hold the hearing on the original suit until February 14. Mrs. Foltz wanted the matter transferred to another department, but the court refused, owing to the crowded condition of the calendar.

The Orpheum Circuit is said to be making a new departure of more than ordinary interest—in brief, the establishment of permanent studios for the production of this intention may be made toward spring, and in the meantime, Martin Beck, say authorities, is quietly perfecting the details of this big move, which will doubtless come as a surprise to rival managers.

BIBLE LESSONS.

FOR SUNDAY-SCHOOL TEACHERS AND OTHER BIBLE STUDENTS.

Prepared for The Times by J. S. Kirkley.

SUNDAY, JANUARY 12.

John 1, 19-31: "Jesus and John the Baptist."

THE CONNECTION.

John the writer tells of John the Baptist, Christ's forerunner, omitting any account of the birth and childhood of Jesus. That great prophet began his ministry about the spring of A.D. 26 as it seems. He came out of long study in retirement and knew the people, his times and his own message. He preached three things—the presence of the kingdom, entrance into that kingdom by repentance and proof of repentance by baptism, and an amended life. He told them the Messiah was coming and he made the same demands on all. When Jesus wanted to be baptized John knew that he had come to recruit the nation. John had accepted no lot, and would fulfill every righteous command like any other man. John tells a delegation from Jerusalem about the baptism of Jesus and how he identified the Messiah. This was probably February or March, A.D. 27, not long after that baptism.

THE LESSON.

"Jesus' Witness to Himself" (Verses 19-31). "And this is the witness of John: when the Jews sent unto him from Jerusalem priests and Levites to ask him, who art thou? And he confessed, I am not the Christ." And they asked him, What then? Art thou Elijah? And he said, I am not. Art thou the prophet? And he answered, no. They said therefore unto him, Who art thou? that we may give an answer to them that sent us. What sayest thou of thyself? He said, I am the voice of one crying in the wilderness, Make straight the way of the Lord, as said Isaiah the prophet. And they had been sent from the Pharisees.

1. Note the occasion of it. A delegation had come from Jerusalem to ask simple, clear questions—not about his name and connections, for they knew he was John the son of Zechariah and Elizabeth; nor about his doctrine in making himself understood, in preaching the coming of the Master, and the necessity of repentance; but about his prophetic character and his own relation to the Messiah.

This delegation had been sent—sent by the Pharisees, by the right party, the scribes, therefore not by the Sadducees as a body, for it was composed of Pharisees and Sadducees. The leading and official Pharisees sent them. Some months before many of them had come from the east, and come out to be baptized by him, because they saw that this preacher of the kingdom was breaking their vicious hold on the masses and the only thing left them was to join the movement and to come to him. And when he sought to do so, but John called them a brood of slimy, treacherous serpents and told them to first show the fruits of their repentance. Now, with the same attitude they send to ask him to define himself.

They had three surprises—one that he might be Elijah come to life, for they interpreted Matt. 4:5, literally and looked for Elijah to come before Christ, wherefore not another before we would say, that another Elijah would come a man doing a destructive preparatory work such as Elijah did. John was the man, for he came in the flesh and power of the old prophet just as Elijah afterward came. John may have known that he was to be another Elijah, but he could truthfully say—*Seeing what they had in mind, that prophet's spoken of him*, Matt. 11:15. And they must also have suspected that he might think himself, or claim to be, the Messiah himself.

2. His denial of all honor. If he had claimed to be Christ, they would not have known better, for awhile at least. If he had claimed to be one of the prophets, foretold he might have won honor, but he would not have might have rightly claimed to be Elijah, but it was he who had been in the sense intended by their question, and he would not receive.

3. His claim to humble service. Two figures now stand instead of being one. He was only a voice—the nearest thing to nothing. It is only a vibration of the air—that is all. Not all. A voice is an instrument for the expression of the mind, thoughts and the heart, feelings, Major truth, intense feeling and relentless purpose may sound out in a voice. He was willing to be only a voice, to speak, to teach, to call, to rebuke, to rebuke, to know the truth, to speak the truth, to speak last in men's minds forever, because his Master was speaking through that voice.

It was not an idle, but an active voice. It was "calling" out. It was not aimless, but had a message, and that message, to announce that the long-expected King was coming. That message had its mission—to get people prepared for His coming. In due time, when a king made a visit to his outlying provinces, they had no good roads, and fore-runners went ahead to announce him so that the people could come down to his court in safety. Thus John wants to have them get ready for the Christ. In ver. 27, he speaks of his service as being like that of a king's servant to the coming King. The most important services were to bear the shoes and loose the shoe latches, but John says that he is unworthy of even doing that for Christ.

II.

"Jesus' Witness to Christ" (Verses 28-31). "And when they saw him, and said unto him, 'Why baptize thou then, if thou be not Christ, nor Elias, neither that prophet?'

John answered them, saying, I baptize with water; but there standeth one among you, whom ye know not. He it is who cometh after me, is preferred before me, whose shoe's latchet I am unworthy to unloose.

These things were done in Bethabara beyond Jordan, where John was baptizing.

The next day John seeth Jesus coming unto him, and saith, Behold the Lamb of God, which taketh away the sin of the world.

"This is He of whom I said, After me cometh one who is preferred before me."

And I knew Him not; but that He should be made manifest to Israel, therefore am I come baptizing with water.

And John bare record, saying, I saw the Spirit descending from heaven like a dove, and it abode upon Him.

And I knew Him not; but He that sent me to baptize with water, the spirit said unto me, Upon whom thou shalt see the Spirit descending, and remaining on Him, the same is He which baptizeth with the Holy Ghost.

And I saw, and bare record that this is the Son of God."

His positive witness to Christ was wrought by his own words, as to why he was baptized, for if he were not the Messiah nor Elijah, nor "that prophet," they thought it strange he should be using a symbol that they thought belonged to the Messiah, according to Matt. 11:15. He gives a five-fold testimony to Christ.

(L) His superiority.

The lowest service of a servant is too exalted for John to render to Christ, as explained before. Christ was "preferred before" him, and in

all Christendom sings, in its favorite hymn,

Yea, O Christ, art all I want.

The sufficiency of Jesus as life's friend, solace and inspiration has always been preached. But few of us practice it. Few ever manage to gain in the world goals as ardent as ours if we had nothing better or beyond. Our conduct has not squared with our creed. Yet in the heart of hearts, where we keep our best selves, many can recall our deepest convictions. Christians have been true to Christ, and have hungered after Him with a great hunger. "Take the world, but give me Jesus," is in its ultimate expression, the cry of the Christian's spirit.

More than all in this I find."

Concededly, most lives are too small. A notable fact is that of those lives which have Christ for a center is that they are larger. The love of Christ begots love for the whole world. Many persons have found themselves redeemed from smallness and sordidness and pettiness of spirit, and lifted through a world-embracing interest by uniting their efforts to the cosmopolitan Christ.

CITIZEN RAILROAD BUILDERS BUSY IN PASADENA.

No Grass Growing Under Feet of Residents of North Side Who Propose to Have Electric Line in Their Neighborhood, Even If They Have to Build It Themselves.

Office of The Times, No. 25 E. Raymond Ave.

PASADENA, Jan. 10.—No grass is growing under the feet of the residents of the North Side, who propose to have an electric street railway into their neighborhood. If they have to build it themselves. As first published in The Times, this road will be equipped by private subscription, and will be built without bonds or stock trimmings. On next Thursday night the Lincoln Avenue Improvement Association will call a meeting of its members of the night; somebody quietly entered the house of Erastus Albright, a negro who resides on Front street near Third, and feloniously snatched a couple of turkey gobblers, which Albright was fattening for market.

A couple of youthful sons of Sunny Africa were captured by the police, who suspected that the youngsters knew more about the whereabouts of the missing turkeys than they cared to tell. But after swearing the suspects and being unable to find any feathers there was no reason to suspect the young men of being guilty, and the unseemly and injurious wrangle which had waged for many months.

NEW DREDGING COMPANY.

John F. Craig, head of the ship plant here, is to be president of a dredging company, now being formed, which will take hold of and complete all the dredging operations of the Los Angeles Dock and Terminal Company.

William Bowen and John Scottie, graduates from the Whittier reformatory, were given the preliminary hearing by Police Judge Carillo yesterday afternoon, in charge of the case.

It is thought that the two boys, who are responsible for many of the burglaries that have during recent months kept the local police force

on the alert, will be fully prepared for his next night's visit.
